

Gurnee Fire Department
“Special, Emergency Blood Drive”

Saturday January 24, 2015

9:00a.m. – 3:00 p.m.

Blood supplies are low due to subzero temps and the holidays!

A Special Raffle will be held for all donors!

Every two seconds, someone needs blood. Each year, 4.5 million Americans would die without life-saving blood transfusions!

Over 1,000 pints are needed daily in the Chicago area!

Join us January 24th from 9:00a.m. – 3:00 p.m. at Gurnee Fire Station #2 (6581 Dada Drive). Walk in donations are welcome! This is a critical time with the weather we’ve experienced so the fire service around Chicago is adding drives to assist with critical shortages of blood.

Our goal is to provide 100(+) units of blood at this drive to raise the awareness of the necessity for donations!

Advance reservations are welcome: lifefsource.org or [\(877\) 543-3768](tel:8775433768) (code G110)

****Ask about ALYX donations. It takes only a little longer but provides 2X the donation and is immediately available for a needy patient.***

**Please ask co-workers, family, friends, students, etc. to donate too.
Together we can Brighten Lives in our Community!**

If you can’t donate, please help by sending this to 10 friends in the area to help us spread the word!

Thank you for your support! - Chief Fred N. Friedl & Lt. David Douglass – Gurnee Fire Department
